United Way of Kern County

LIVE UNITED®

"I SUPPORT UNITED WAY BECAUSE..."

- "empowering children through reading is important to me. United Way of Kern County distributes free books to over 600 low income households monthly."
- "helping families become financially stable and independent is important to me. Every year approximately 20% fail to claim valuable family credits such as CalEITC. Through VITA (Volunteer Income Tax Assistance) dozens of volunteers offer free tax preparations throughout Kern County."
- "providing meals to local families who are struggling to get by is important to me. United Way of Kern County feed over 63,000 hot meals during the COVID-19 pandemic and with your help we can provide more meals to more families."
